

# TRAVELLING THROUGH TIME

## Why are the Ancient Egyptians legendary?

We will use our knowledge of chronological understanding to place the Ancient Egyptians on a timeline. We will be travelling through time to discover what life was like for the Ancient Egyptians; learning about their religious beliefs and practises, the significance of Tutankhamun and the ways in which the Egyptians used hieroglyphs to write and record their existence. By the end of the unit we will have learnt of several reasons for which the Ancient Egyptians became legendary.

To know who the Egyptians were

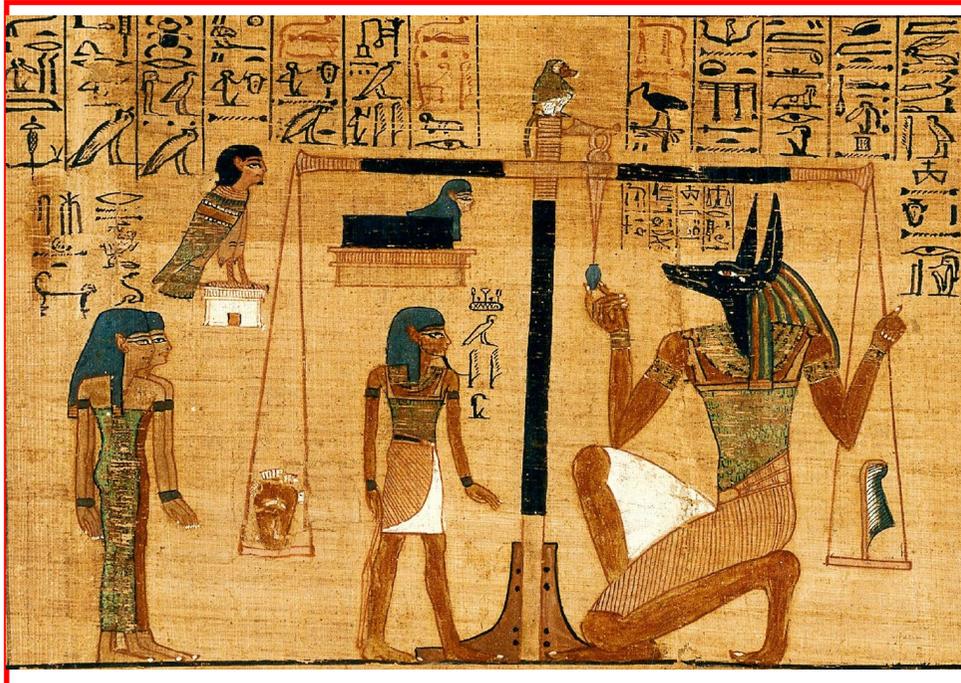

To know what life was like in Ancient Egypt

To know why the Egyptians mummified their dead

To know the importance of Tutankhamun

To know how the Egyptians wrote

To know about Egyptian Gods

1. The Egyptians settled in northeast Africa, and that's where the country of Egypt is today.
2. They lived in a very dry area, but they got water from the Nile River (the longest river in the world!) so they could grow crops.
3. Farming techniques to water crops included using machines like the sakia and the shaduf - these are still used in Egypt today.
4. The Egyptians created paper using reeds, called papyrus. They wrote using pictures called hieroglyphics that stood for different words.
5. Only certain people studied how to write, and they worked as scribes.
6. Scribes were ranked in the middle of the order of social groups in Egypt - the pharaoh was at the very top of this list, and slaves were at the very bottom.
7. The Egyptians built pyramids as places to bury their kings and queens who were called pharaohs.
8. The Egyptians were very good at maths - they had to be, to work out how to build pyramids so perfectly!
9. Both men and women wore make-up. The wealthier people were, the more make-up they'd wear.
10. Egypt was conquered by Rome and became part of the Roman Empire.
