

In Nursery, we will be focusing on our well-being. We will also be looking at journeys. These are some of the stories we will be reading:

In **Literacy**, we will be listening to new stories and exploring different methods of mark making.

In **Maths**, we will be learning to count and will be representing numbers in different ways. We will also be learning about prepositional language such as on top and under.

There are some special dates this term which we will be celebrating such as Mother's Day and Chinese New Year!

We will continue with our baking and cooking. We will be making and trying different foods to celebrate Chinese New Year.

READING TO SUPPORT OUR LEARNING:

Read a story to your child each night at bedtime. It is really important for children to hear lots of different stories.

You have been sent a link on Tapestry to log into MyON. It is filled with different stories. You can read some of these to your child.

Encourage them to talk about their favourite part of the story. Ask them to retell the story by asking them can you remember what happened first? What happened next?

WHAT YOU CAN DO AT HOME TO SUPPORT THE LEARNING:

Continue to log onto tapestry and comment to let us know if your child is enjoying the activities.

Encourage your child to help you with tasks around the house such as cooking. Include some counting. How many plates do we need? How many spoons do we need?

Keep physical - search on YouTube for Cosmic Yoga
