

Our topic for this term is '**Comparing the UK and Italy**'. During this topic, we will be comparing the geographical (physical) and human features of both countries. How does Italy's food compare to ours? What about their buildings? What's their countryside like compared to ours?

We'll use what we learn about the physical features of both countries to help us plan a D.T. project to create a landmark from Italy or the UK as a souvenir for potential tourists.

In English, we'll be reading, 'The Wolves in the Walls' to help us to create a horror story, focusing on building suspense.

And I'm sure you'll be excited to hear that we'll be continuing to read and explore, 'George's Marvellous Medicine' in Guided Reading.

In Maths, we'll be focussing on addition and subtraction, both mentally and using written methods.

Books we'll be reading in class:

'Wolves in the Walls' by Neil Gaiman

'George's Marvellous Medicine'
by Roald Dahl

If you'd like to support your child with more texts related to our topic, anything about Italy or Rome would be fantastic!

What you can do to support your child's learning:

Please encourage your child to participate in the weekly SumDog competitions. We'll be using SumDog to recap each week's learning, as well as beginning to prepare for the Year 4 times table test.

Please get your child to read with you or another adult, out loud, as much as possible and sign their reading record for their class teacher to see.

Support your child to upload their homework to ClassDojo.
