13th November 2020

Year 6 Update

The children have recently completed assessments in reading, maths and grammar which have been analysed by the class teachers and senior leaders to find gaps in their learning. From this, specific interventions to close these gaps have been set up and will commence the week beginning the 23rd November 2020.

The children will have 6 sessions of interventions and the impact of these will be assessed in January, where specific learning gaps will be reviewed again. Letters will be going out this week and next week to inform you of any interventions your child/children will be involved in.

Class teachers have also personalised their lessons and curriculum to work on skills and misconceptions that the children need more practise on. The UKS2 team are committed in supporting each and every child to reach their potential to prepare them for High School and lifelong learning.

We have also updated the 'Year 6 Revision Page' on our Academy website: <https://www.oasisacademytemple.org/learning/homework/year-6-revision>.

This page includes: resources, practice papers, pupil/parent revision guides, links to online resources and VLE platforms that the Academy has subscribed to (the children have their own personal login details for each platform).

As always, thank you for your continued support in encouraging your children to complete their homework, as this does make a difference to their confidence in class.

Year 6 Team
