School Closure

Dear Parent(s)/Carer(s),

As you know Boris Johnson announced the closure of all schools in England from Monday.

We have been working hard to put together a pack of work for your child to continue their learning at home as far as possible in the light of this closure.

We have planned 2 weeks of work on paper that is being sent home with your child in a folder along with a home learning exercise book to use to complete their work – Year 6 pupils will also be able borrow their school ipads once a release form has been signed by a parent/carers.

Going forward, if the school closes for any longer than after the Easter holidays, we plan to

- send work to parent email addresses that we have on our system
- receive completed work back via email
- work can be photographed and emailed back for the teacher to feedback.

Work will be set via this email communication daily after the Easter break.

	Reading	English/phonics/spelling	Maths	Other work (weekly)	Online (as needed)
Daily	30minutes reading your reading book.	English lessons will be sent via email. You need to do the work in the exercise book sent home.	Maths lessons will be sent via email. You need to do the work in the exercise book sent home.	Project/Science	See links on the back of this letter for free websites that we already subscribe to.

We will set the work carefully based on assesment data and on the schemes of work already planned for each year group.

Please keep checking the school website where we will post updates but if you need to contact school during this closure please use the school phone number and the admin@oasistemple.org email address.

Please keep your families safe and healthy during this difficult time and we will see you all as soon as we are able.

Ms. S. Talib. Principal.
